RAIDIGHI COLLEGE

*MICRO IN SIZE,
BUT
MACRO IN IMPACT*

PRESENTED BY
MRIGANKA MAJHI,
3RD SEMESTER DEPARTMENT OF BOTANY

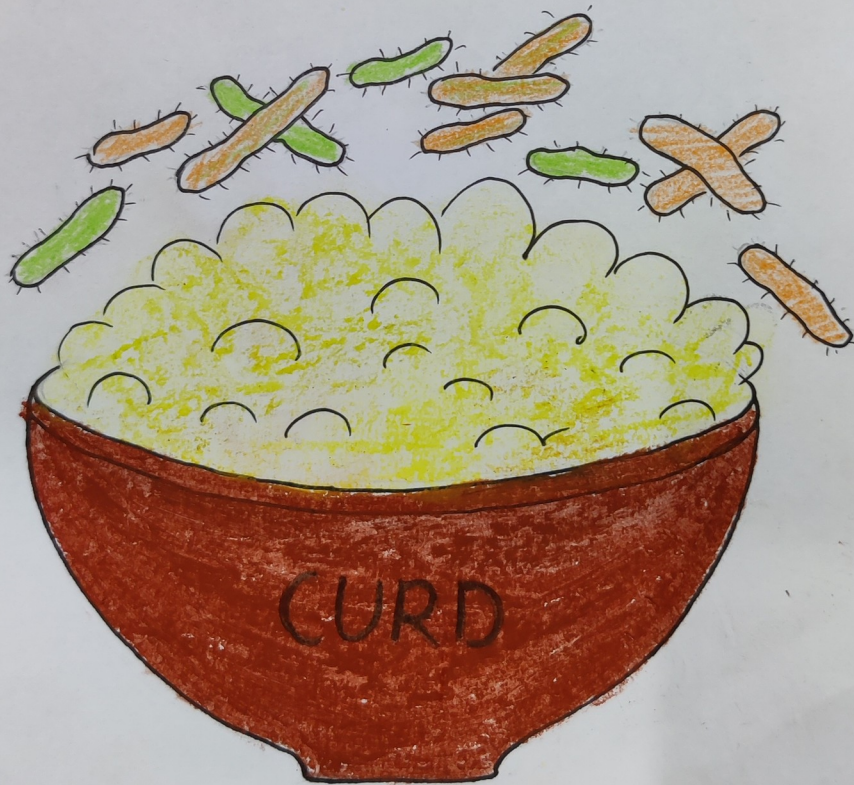

Big round of applause to the Miraculous
Microbial Magic
for food, beverage, drug, enzymes and life's all
basic

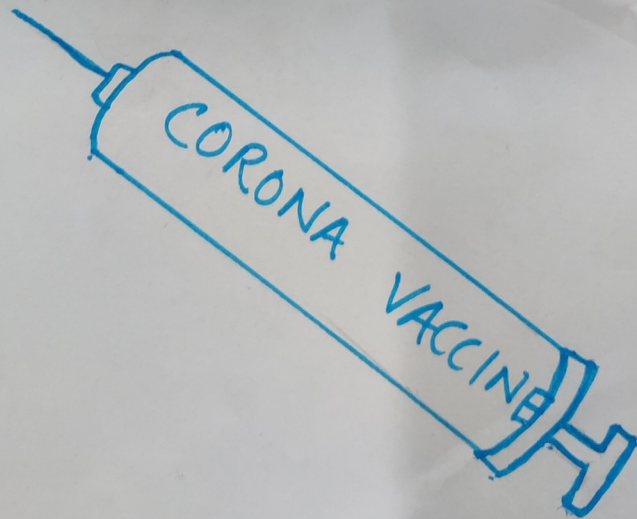

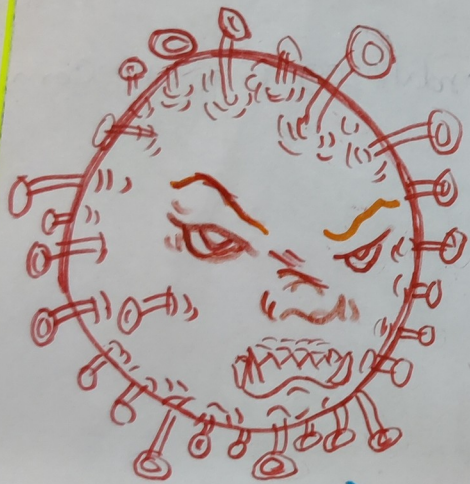

They are fantastic
Degradable oil & Plastic

“Humanity will always remain obliged to these invisible yet invaluable microbes”

All the wealth fails
before the beneficial
effects of invisible
microbes.

A hand-drawn poster on white paper with a colorful, wavy border. The border is decorated with various colorful, smiling microbes. The text in the center reads: "OMNIPRESENT AND INVISIBLE MICROBES MAKE OUR PLANET HABITABLE". The text is written in a colorful, hand-drawn font. The background of the poster is white, and the border is a mix of blue, purple, and pink. The microbes are drawn in various colors: orange, purple, green, red, blue, and yellow. Some microbes have multiple eyes, some have tentacles, and some have spiky surfaces. The overall theme is the importance of microbes in making our planet habitable.

OMNIPRESENT
AND INVISIBLE
MICROBES MAKE OUR
PLANET HABITABLE

THEY HELP US TO

5th SEMESTER, DEPARTMENT OF
MICROBIOLOGY

"Good microbes
are invisible,
but they are
more valuable,
than all the
riches in the world" !!

Seminar on World TB Day by Microbiology Department of Raidighi College

Department of Microbiology at Raidighi College organized an informative webinar on "**World TB Day**" on 24-03-2023. The session aimed to shed light on the increasing interest surrounding TB and their potential health hazards. Principal's short speech, followed by a few teachers presentations shed the light on this particular disease. Later half of the seminar was full of students' presentations.

Overall, the Raidighi College Department of Microbiology's seminar on TB Day proved to be a valuable learning experience for all attendees. By bringing together departmental renowned experts in this field and an eager audience of 48 participants, the event successfully disseminated knowledge and sparked interest in this rapidly evolving field of scientific research.
