Green Club Raidighi College Participates in People's Biodiversity Upgradation Programme

On May 26th and 29th, 2023, the Green Club of Raidighi College actively participated in the People's Biodiversity Upgradation Programme held at Kulpi Block. This program, organized by the West Bengal Biodiversity Board, aimed to promote biodiversity conservation and foster community engagement.

The initiative proved successful thanks to the dedication of 20 enthusiastic green volunteers and 5 faculty members from the Green Club. These faculty members, Dr. Madhumita Majumder, Dr. Shakuntala Ghorai, Mr. Debanjan Pandit, Mr. Durbadal Barman, and Mr. Abul Kasem, provided invaluable guidance and leadership throughout the program. Additional support came from Mr. Utpal Das, the South 24 pgs PBR district co-ordinator, and Mr. Shamik Gucchait from the WBB, who ensured the program's smooth execution.

While the specific activities and achievements of the program are not mentioned, it is clear that the Green Club of Raidighi College played a vital role in promoting biodiversity awareness and community participation in conservation efforts. This report highlights the commendable efforts of the Green Club members, faculty, and supporting personnel in making this program a success.
