

Faculty Exchange Program Jointly Organized by Raidighi College and Sree Chaitanya Mahavidyalaya

In a commendable initiative aimed at enriching academic collaboration and promoting professional development, **Raidighi College** and **Sree Chaitanya Mahavidyalaya** jointly organized a **Faculty Exchange Program** during the month of July 2025. This program was designed to foster inter-institutional dialogue, enhance pedagogical practices, and build a sustainable academic partnership between the two institutions.

The exchange program was conducted over a week-long schedule from **30th June 2025**, involving active participation from both institutions' faculty members across various departments including Arts, Science, and Commerce. The goal was to provide a platform for cross-pollination of ideas, strengthen academic networks, and bring fresh perspectives into classroom teaching and research methodologies.

The inauguration ceremony was held on **30th June 2025** at the auditorium of Raidighi College, attended by the Principals of both colleges—**Dr. Sasabindu Jana** (Principal, Raidighi College) and **Dr. Subhasis Ghosh** (Principal, Sree Chaitanya Mahavidyalaya)—along with senior faculty members and students. In their inaugural addresses, both Principals emphasized the importance of collaborative academic engagement in the evolving higher education landscape. They appreciated the faculty members for their enthusiastic participation and acknowledged the initiative as a progressive step toward institutional development.

As part of the program, selected faculty members from each college conducted lectures, interactive sessions, and academic workshops in the counterpart institution. The exchanged faculties covered diverse topics ranging from **Literary Theory, Environmental Studies, Quantum Mechanics, Indian Polity, and Financial Management** to **Contemporary Issues in Social Science Research**. The sessions were well-attended by students and appreciated for their depth and interactive approach.

The program also included departmental discussions and faculty meetups where educators shared their best practices, curriculum planning methods, and research interests. These sessions opened avenues for future collaborations in the form of joint research, curriculum enrichment, and co-hosting of academic events such as seminars, conferences, and student exchange programs.

One of the highlights of the exchange was the student interaction session held at Sree Chaitanya Mahavidyalaya, where visiting faculty members engaged in academic counseling, motivating students towards interdisciplinary studies and research-based learning. Feedback collected from students indicated a highly positive response, citing exposure to different teaching styles and broader academic perspectives.

The **Faculty Exchange Program concluded on 30th June 2025** with a valedictory function hosted at Sree Chaitanya Mahavidyalaya. Certificates of participation were distributed, and both institutions reaffirmed their commitment to continue such academic exchanges annually. A joint resolution was passed to document the experiences and outcomes of the program for publication in the forthcoming college newsletters and journals.

This collaborative initiative between Raidighi College and Sree Chaitanya Mahavidyalaya stands as a model of academic partnership, contributing significantly to faculty development, student enrichment, and inter-college cooperation. It is expected to inspire similar endeavors in other institutions, strengthening the overall quality of higher education in the region.

Raidighi College & Sree Chaitanya Mahavidyalaya
Jointly organizes
Faculty Exchange Program (MoU Activity)

Dr. Rukshana Irani
Assistant Professor & Head
Department of Food & Nutrition
